COORDINATION & COMMUNICATION PROTOCOLS
FOR
POLICY PLANNING & IMPLEMENTATION UNIT
WITH
DONOR AGENCIES / DEVELOPMENT PARTNERS

Government
------ of ------
Balochistan
Background

The Policy, Planning & Implementation Unit (PPIU) was established in 2010 to coordinate and facilitate reforms as a specialized unit within Secondary Education Department. The other aim was to inculcate a culture of informed policy decisions and ensure efficient and effective coordination and communication with donor agencies / development partners / implementing partners for the achievement of better educational outcomes.

Only through sound coordination and effective communication, the goal of an integrated implementation approach can be promoted for the achievement of targets of Balochistan Education Sector Plan (BESP). In the absence of sound coordination and effective communication, the implementation can give rise to duplication, wherein the areas of high priority will be neglected undermining the efforts of Secondary Education Department. Therefore, a need for creation of a forum in the shape of PPIU was realized to effectively plan and coordinate the interventions to support the effective implementation of Article 25-A and achievement of SDG-4 as well as other commitments made by the country.
